

# GREEN FLOORMAX™ WOOD FLOORS

Greenply Industries Limited (GIL), India's leading interior infrastructure company, has recently launched its latest offering, Green Floormax™ Wood Floors. Green Floormax Wood Floors comes with warm wooden finishes that extends an inviting look to your home. The specially engineered surface protection technology of Green Floormax makes it sturdy, durable and resistant to scratches, stains and water spills. In other words, no more fretting over child and pet messes.

It is easy to install and the great thing is that you can move an entire floor from one room to another in no time, whenever you fancy a change in look.

## USP

**PERMACLICK™** - It is one of the most advanced interlocking system available in India, specially developed by Flooring Industries, Luxembourg for Greenply Industries Ltd.

**MAXSHIELD™** - Green Floormax comes with specially engineered surface protection technology which makes it super sturdy, durable and resistant to scratches, stains and water spills.

**SONIC SPONGE™** - Engineered technology that allows the sound absorbent backing layer to reduce sound transmission and produce only a solid and pleasant sound underfoot.

## RANGE

Green Floormax comes with an exquisite design range of 38 surface designs handpicked in collaboration with International designers.

The design range is categorized into Allover designs (A distinct collection of wood designs that come with the look and feel of exotic wood grains in every single tile format) and Planked Designs (A unique flooring collection with a handcrafted appeal each wooden tile is put together in an array of 2-3 slim tiles).

All the designs are available in 2 textures, Open Grain (Straight line effect) and Crown (Curvy Dynamic effect).

It comes in 2 dedicated standards, Green Floormax (AC3) for residential and Green Floormax Plus (AC4) for commercial spaces both of which have a warranty of 10 and 15 years respectively.
